PROFILE SUMMARY

Personal Profile: Solution-driven person excelling in highly collaborative environment, finding solutions to challenges and focused on customer satisfaction. I'm an excellent communicator and a team player who is committed to excellence, ethics and always eager to learn.

Career Objective: I'm seeking a position in a competitive firm that will afford me an opportunity to utilize my skills learnt, where I can join a team and constitute in bringing value in a challenging environment that strives for organizational and personal development. I am committed to develop my career path and further my skills.

EDUCATION

Expected in Dec 2022: **University of Eastern Africa, Baraton.**

-Bachelors in Software Engineering

2017: Alliance High School-(**B**)

2013: Siana Boarding Primary School-(**403**)

ACCOMPLISHMENTS

- Cultivated long term relationships with product marketing, software and hardware personnel through dynamic listening and communication skills
- Competitively managed to be part of the technical support assistant during the launch of KICD laptops at Siana Boarding Primary School.
- Worked with IEBC as an ICT officer during the 2022 general elections. Through this opportunity I have the rarest privilege of serving my country. I learned teamwork and while teaching other contracted officials I learned presentation and leadership skills.
